

Probability - Certain , Possible or Impossible

Name: _____ Date: _____

Which events are certain, which are possible and which are impossible?

	<u>Certain</u>	<u>Possible</u>	<u>Impossible</u>
It will get dark tonight.			
It will rain tomorrow.			
The sun will fall out of the sky.			
I will laugh today.			
A pig will fly past the window.			
The winter will be colder than the summer.			
I will get something wrong today.			
If I jump up I will come back down again.			
If I throw a regular dice I will get a 7.			

Can you think of a possible event?

Can you think of an impossible event?
